Dynamica select Analytik to distribute UV/Vis spectrophotometers to UK

Biggleswade, Beds – Dynamica, manufacturers of precision laboratory instrumentation has appointed Analytik Ltd as exclusive UK agents for their next generation 'Halo' range of UV/Vis spectrophotometers.

Austrian based Dynamica provide solutions and value to laboratories globally. Their instrumentation is designed for versatility and flexibility to maximise performance efficiency in the contemporary and multifaceted laboratory environment.

Their Halo range of bench top UV-Visible and Visible spectrophotometers deliver the precision and reproducibility of advanced optics and electronics for essential quantitative analyses covering a broad range of scientific disciplines. They are further enhanced with a comprehensive range of on-board functions and features, user friendliness, rugged reliability and an extensive range of accessories to fulfill even the most demanding applications.

To find out more about the Halo range of UV/Vis Spectrophotometers, visit:
